Products Info:

Product Name	Capping cove skirting CH100
Main Material	PVC, Vinyl, Thermal Plastic
Height	4inch/10cm
Colours	White/ Grey/ Black/ Customized
Package	50m per roll or according to customer
Installation	With double bonding adhesive, dispersion contact adhesive or double-side tape compatible with the PVC skirting

Features:

Cove formers & cappings are PVC profiles that provide a neat cove allowing floor coverings to be dressed up to the wall to form a skirting, thus offering an integrated solution. 2 in 1 Cove formers & cappings are compatible with homogeneous & heterogeneous vinyl rolls (both in compact & acoustic versions).

- * 2-in-1 system
- * Floor covering supported at a weak point, forming round shape angle
- * Protection of the top of the floor covering
- * Easy cleaning and maintenance
